He Saw Digital Jesus... But Not YouTube's ToS

D'Arcy looked up at the moon and whispered:

"Lord, how can you love a worthless sinner like me?"

And BAM — the moon got bigger, brighter... and a 40-foot-tall digital Jesus in a white robe appeared above his head.

Luckily, I was there with my camera. Otherwise, I never would've believed this actually happened.

Unfortunately, He still can't read YouTube's Terms of Service.

And this... this is the guy the lemmings follow.

Also, Mailroom Mania is still a f—ing idiot. @FrauditorMania

Not gunna lie. Mocking someone's faith or religion is pretty damn low.

No wonder you get along so well with auditors.

Or when he cried about being a civil rights activist ?...

@KFARR I have no idea what you are talking about but I do find it funny that D'Arcy said he saw electronic Jesus in his backyard yet he can't read YouTube's ToS. 😂😂😂

Have to admit that short is hilarious.

@TheDMCALawyer I think it's a bit funnier that Christopher has said a bunch of mentally questionable things in the past..

I'm planning a charity event if Christopher wants in

I've consulted the statutes and I've prayed to digital Jesus himself. 40 feet tall,
RESTORED TO
